

## SOFTWARE DEVELOPER (F/M/X)

📍 Vienna, Austria

📅 2021

👜 Fulltime

Our Professional Service Team is looking for a Junior Software Developer (f/m/x) who has a strong drive for quality of his/her work and is eager to learn. The successful candidate will work on optimising our project delivery workflows. In addition to that you will help to create, maintain, and extend our customer applications.

### Your Tasks

- Develop and improve our data pipeline
- Onboard new customers to our Partium system
- Support building product features based on customer needs
- Maintain and extend existing customer applications

### Your Profile

- A successful completed technical education (HTL, FH, Uni)
- First experience in software development
- Experience in Python and/or JavaScript/Typescript
- Experience with Databases – preferably Postgres or MongoDB
- Good communication skills in English
- Eager to learn new technologies and hands-on mentality

### Your Extras

- Experience in mobile development with multi-platform frameworks (e.g. Native Script, Ionic)
- Experience with Docker
- Confident with Linux shell
- Confident with GIT

## About us

Partium offers mobile and stationary parts search & identification solutions within industrial and retail environments. The company was formed by three of the world's leading providers of image recognition and visual search technology: U.S. based Slyce, Spain-based Catchoom and Austria-based Humai.

## Salary

We offer a market conform salary depending on the candidate's qualifications and work experience.

## How to apply

Please send your application including a letter of motivation and your CV to [jobs@partium.io](mailto:jobs@partium.io)
