

FRONTEND DEVELOPER (F/M/X)

📍 Vienna or Barcelona 📅 Oktober 2021 💼 Fulltime

Our Software Product Development Team is looking for an experienced Frontend Developer (f/m/x) who has a strong drive for quality of his/her work, is eager to learn and share knowledge within our team and strives for delivering the best solution for our customers on schedule. The successful candidate will work on next generation AI based applications, joining an international Product Development Team in building award-winning AI powered products.

Your Tasks

- Self-sufficiently develop and improve our mobile and web applications
- Contribute to our client SDK for the JavaScript stack
- Work together with the UX department on engaging, yet feasible UIs
- Collaborate with our backend developers for end-to-end solutions
- Drive and own feature implementation of solutions and components for in-time delivery

Your Profile

- In-depth understanding of at least one SPF (e.g., Angular, ReactJS)
- Minimum 3 years' experience delivering responsive applications on common browsers
- Solid understanding of software design for the JavaScript stack
- Understanding of how to champion quality as a continuous effort
- Good communication skills in English

Your Extras

- Experience with native mobile development on Android or iOS
- Experience with app distribution on Apple App Store or Google Play Store
- Experience in leveraging CI/CD using automation tools like GitLab or similar
- Keen eye for UI aesthetics and usability
- Experience with automated UI testing
- Experience in server development using either Node.js or Python

About us

Partium offers mobile and stationary parts search & identification solutions within industrial and retail environments. The company was formed by three of the world's leading providers of image recognition and visual search technology: U.S. based Slyce, Spain-based Catchoom and Austria-based Humai.

Salary

We offer a market conform salary depending on the candidate's qualifications and work experience.

How to apply

Please send your application including a letter of motivation and your CV to jobs@partium.io
